### Professional Certification/Licensure

International Board Certified Lactation Consultant (April 2019- present), L-133179

Registered Dietitian Nutritionist (2013 to present), # 01089204

Licensed Dietitian Nutritionist, Illinois (2013 to present), #164.005934

### Professional Experience

#### OWNER, RD/IBCLC, CONSULTANT MAMA & SWEET PEA NUTRITION, LLC, NOV 2017 – PRESENT

Provide nutrition counseling for pregnant and postpartum women and children ages 0-5 years.

Perform initial and follow up assessments of the client's lactation goals and issues.

Educate and guide women through elimination diets while breastfeeding.

Conduct in person workshops on Baby Led Weaning and introducing solids.

Provide services as a freelance writer, public speaker and product consultant.

#### NEONATAL/PEDIATRIC DIETITIAN, NORTHSORE UNIVERSITY HEALTH SYSTEM, NOV 2014 – 2019

Participated in daily medical rounds in Level III Infant Special Care Unit (ISCU) and extensively collaborated with the interdisciplinary care team.

Screened ISCU and pediatric floor for determination of nutrition risk and provided initial and follow up assessments as part of overall plan of care.

Provided recommendations for and monitored patients receiving enteral and/or parenteral nutrition.

Educated and counseled families and patients on a variety of nutrition needs including breastfeeding, preparation of feeds, prematurity, malnutrition and GI disorders.

Created pediatric outpatient nutrition department for NorthShore University Health System and served as sole dietitian for the department.

Assisted in the facilitation of weekly ISCU Mother's Milk support group.

Precepted dietetic interns and taught a neonatal nutrition seminar to all incoming ISCU medical residents.

Performed quality assurance and performance improvement initiatives to improve patient outcomes.

Active member of both the ISCU Nutrition Committee and Breastfeeding Resource Team.

#### REGISTERED DIETITIAN NUTRITIONIST , PULLING DOWN THE MOON, CHICAGO, IL, MARCH 2015 - MARCH 2016

Provided nutrition counseling on a variety of topics including infertility, PCOS, and pregnancy.

Responsible for creation of nutrition related social media content including blog posts.

Produced and led several in-person workshops as well as online webinars.

Collaborated with a multidisciplinary team of doctors, acupuncturists, and massage therapists to provide total care for patients.

**CLINICAL NUTRITION MANAGER , GOTTLIEB MEMORIAL HOSPITAL, MELROSE PARK, IL, APRIL 2014 - JUNE 2014**

Directed daily operations of nutrition programs for patients including screening, assessment, intervention, menu planning, care and discharge planning to ensure patient nutrition needs and customer satisfaction levels are met.

Supervised the clinical dietitians and diet office staff including scheduling, training, corrective actions, performance reviews and other human resource functions.

**CLINICAL DIETITIAN, VISTA HEALTH SYSTEM, WAUKEGAN, MAY 2013 - APRIL 2014**

Nutrition risk screening/determination & nutrition assessment of hospitalized patients (Level II Trauma Center), use of Nutrition Care Process (NCP)/ADIME charting format/Nutrition Care Manual (NCM) and various EMR's (iMed, Cerner)

Primary provision of clinical nutrition coverage for the following in-patient units: Medical, Surgical, Pediatrics, Oncology, clinical cross-coverage for the following in-patient units: ICU, Progressive Care Unit/Telemetry

Nutrition Support involvement; implement, recommend, adjust, monitor Parenteral/Enteral nutrition as appropriate

Provision of nutrition education to patients, family, and hospital employees (as requested)

Functioned as Vista's primary Diabetic Educator; creation of Diabetes Self-Management Education (DSME) Seminar Series (outpatient, 2 courses instructed per month, development of curriculum, involvement with marketing of promotional materials)

Participation in multidisciplinary team rounds, collaboration with medical staff and allied health services

Committee involvement including: Clinical Nutrition, Diabetes, CHF, QA/PI (including: chart audits, test trays, meal rounds, and other patient services activities as assigned by Clinical Nutrition Manager)

Involvement with various wellness/community activities including: Cardio-Pulmonary Nutrition Education, Waukegan Public Library Nutrition Education Seminars, National Nutrition Month Activities, and other Clinical Nutrition Department activities as assigned
